Thanks. This is very helpful, and will inform our discussion tomorrow.

And good news on your jury duty postponement.

Walter,

Attached is our suggested responses for the various peer review recommendations. I've included both word and PDF formats. The matrix is based on the list you compiled along with a couple of additions we found in our review. This is intended to start our discussions and aid you in your meeting with GE next week.

**Ex. 5 Deliberative Process (DP)** We can discuss these tomorrow if you like. Please let me know if you have any concerns or corrections you would like us to make. The matrix is still in draft form and will probably need further reformatting, depending on what you plan to provide to GE, if anything.

BTW, I'll be able to attend next week's meeting with GE. My jury duty is postponed to Jan 25 and 26 of 2011.
